Student Satisfaction Survey Report
2022-2023**

Overview

In order to upgrade and maintain the quality of education elicits responses from the primary stakeholders, students, on the teaching-learning and evaluation. The survey questions used are formulated by NAAC. The IQAC of S. B. Arts and K. C. P Science College has organized this survey to take stock of the students' satisfaction levels of various aspects of teaching and learning.

The analysis of the survey has been provided department-wise also to enable the faculty of each department to find out areas that need intervention by them to maintain high levels of satisfaction amongst their students. This, we believe will also be an opportunity to ascertain the departments' SWOC - Strength, Weakness, Opportunities and Challenges. The survey results are calculated on a 5-point Likert scale ranging from 0 to 4.

In the following report, the overall satisfaction levels of students in both the Aided and Self-Supporting Stream have been presented. Suggestions and recommendations follow the analysis.
